

Carpool Instructions:

During dismissal please **DO NOT ALLOW YOUNG CHILDREN** to leave the building without you. Cars will be pulling up to the lobby entrance and it will be unsafe for your children to cut across carpooling traffic alone.

ALL drivers, drive cautiously and be alert for children and parents who will have to cross the carpool line to get to their own cars. Drive slowly at all times.

Each family has been assigned a carpool number (see list). This number will be used to dismiss your child to you while you are in your car waiting in the carpool line. Remember you may park and come in to get your child(ren) or use the carpool line. Please tell your child(ren) your family carpool number.

Carpool numbers must be written on a card at least 12 inches tall; the card should be placed in the car window so that when staff comes out to view the numbers they will be able to see it. The number displayed will be announced over the intercom; your child will be dismissed from the classroom. Continue to circle around the parking lot counter clockwise to the far corner of the school as cars in front of you leave the line or move along. Do not leave your vehicle while you are in the dismissal line. If you must enter the school, please park in a legal space before doing so.

**Please note that Kindergarten students must be picked up in the classroom by a parent or older sibling.
